

**Diane McLean**

"I have been in Mangapapa Church for 20 years and believe it is the place that God can best use me. I have a pastoral heart and passion for encouraging people, both spiritually and practically. I also have an eye for detail, and can be relied upon to help get things done."

**Peren Mountfort**

"My interest I bring to the MUP Leadership Team is through encouraging engagement with the wider community. I have a background in sports chaplaincy, youth ministry and pastoral care, and want to bring ideas of how the church can play a bigger part in local ministries."

**Angela Paton**

"Worshipping in a congregation with stable leadership, with people who have in many, varied ways expressed God's love to our local community, has kept me wanting to be a member of MUP for the last 37ish years.

Over this time I've been in and out and now back in the music team, served in Kidzspace, and the Leadership Team years ago, and most recently started our Missions Group, which I feel increasingly passionate about.

I would be happy to be considered again for the Leadership Team, to serve our congregation, doing our Lord's will for this community."
